Discover Powerboating at a Club Near You!

Welcome to Powerboating

National Powerboat Handling

This is the next step after obtaining an RST if you want to obtain a national certification. The course is designed to improve your boat handling skills, especially in confined areas like marinas and in swell & waves. You will also learn more about engines and types of craft, and practise navigation techniques on a passage.

Recreational Skipper's Ticket

The RST is a nationally-recognised certificate of competency which shows that the holder has the minimum knowledge and practical skills needed to operate a powerboat safely.

Anyone can get an RST through a one-day course, and once obtained, you can drive a boat on the river or ocean all by your self!

DID YOU KNOW...

The minimum age requirement to obtain an RST is only 14 years old!

BOATING.....
It's you and the wind, it's
you and the water, it's
you and your mates

Where Can I Get a Recreational Skippers Ticket?

Recreational Skippers Tickets are formal qualification and can be obtained by completing a full-day course. To find out more information on upcoming courses, you can get in touch with any of the club contacts on the back page of this brochure or one of our partnered providers below;
