**APPENDIX E – PENALTIES FOR DAMAGE
RESULTING FROM CONTACT BETWEEN BOATS RACING**

Appendix C6.6 and C8.6 permits the umpires or protest committee to decide the penalty when a boat breaks RRS 14. This document explains how damage will be assessed and gives general guidance on the appropriate penalty. When the protest committee has good reason to do so, it may apply a different penalty.

Damage will be divided into 3 levels.

Level	Extent	Effect
Level A – Minor Damage	Does not significantly affect the value, cosmetic appearance or normal operation of the boat.	Boat may race without repair although some minor surface work may be required after the event. Repairs should not normally require more than 1 hour of work.
Level B – Damage	Affects the value and/or cosmetic appearance of the boat.	The damage does not affect the normal operation of the boat in that race but may need some (temporary) work before racing again. Requires more than 1 hour of work but should not normally require more than 3 hours of work.
Level C – Serious Damage	The normal operation of the boat is compromised in that its structural integrity may be impaired.	The boat will need some repair work before racing again. Requires more than 3 hours of labour.

Point Penalties - to be applied without a hearing (as per Appendix C8.6);

Level	Round Robin	Knock Outs
A	None	None
B	Half point	Three quarters of a point
C	One point	One point

When both boats break RRS 14, they should both receive a points penalty. If a competitor requests a hearing after a points penalty has been imposed, the protest committee may decide (in the hearing) to give a greater penalty.

Deductions from Damage Deposit

The assessment of damage level is only for the purpose of points penalties, and is not linked to any deductions from the competitor's damage deposits.

Any points penalty will be assessed on the assessment of damage level made on the water. Subsequent assessments of damage level after closer inspection, whether the level turns out to be higher or lower, will have no effect on the points penalty given on the water.

Monetary deductions are assessed separately after closer inspection by the OA 'boat person', and all damage costs are deducted from damage deposits irrespective of any penalty (or none) imposed under this system.
